Experience

GrapeCity UX Design Intern

2016 / Pittsburgh, PA
Assisted the marketing team in a complete redesign of the company's website. The internship began with an analysis of the current design, where the overall navigation and organization were critiqued, this then led into wire-framing and prototyping iterations that were presented to the developers and later implemented into the company's current website.

1000plus Designer

2016 - present / Pittsburgh, PA
Developed a consistent system of deliverables (fliers, Snapchat filters, Facebook cover photos, etc.) to promote events.

Vibrant Pittsburgh Designer

2016 - present / Pittsburgh, PA
Created a set of templates that could be implemented and used to promote their growing company and upcoming events.

CALA Designer

2016 / Pittsburgh, PA
Worked closely with the client and owner to develop various deliverables to promote the new company and its upcoming events; also played a part in the development of the brand's identity and growth.

School of Design Facilities Coordinator

2016 / Pittsburgh, PA
Assisted in the preparation of studios by redesigning the layouts in the most ergonomic fashion.
